CART CONTAINMENT

HELPS PROTECT YOUR INVESTMENT

SPEND LESS ON MAINTENANCE , RETRIEVAL & FINES

Cart containment systems provide an effective solution that addresses the challenge of containing carts while preserving a user-friendly shopping experience. Gatekeeper's **CartControl & CartControl+** systems leverage innovative technology, the highest quality installations & highly-trained service professionals to deliver the most comprehensive cart containment system on the market.

- Replacement costs can decrease up to 90%
- Compliance with city ordinances & elimination of municipal retrieval fees & fines
- Increased sales from more available & better condition carts
- Stores can experience a full return on investment within a year of installation

Push out theft stands at an estimated \$18 billion drain on the economy. Gatekeeper's automated **Purchek** pushout prevention system is your key to lowering shrink, increasing sales & improving safety at your stores.

- In-store anti-theft solution with an integrated locking wheel.
- Alarm sounds an instant before wheels lock alerting store personnel
- Confrontation free stops are the norm reducing opportunities for violence
- Uncover the real problem by gaining insight to the real scope & frequency of pushout theft

The **CartManager Ultra** is a cart retrieval unit that aids in reducing costs associated with manual cart retrieval including labor hours, injury liabilities & cart-vehicle accidents.

- Up to a 50% reduction in labor hours
- Clear lots faster
- More control over heavy cart loads
